Hi Marilyn,

Consider this email authorization to proceed with the pre-planning work referenced below; not to exceed \$ 7,000.00. Thank you.

Hi Richard – Since I don't have a warrant I prepared this to assist with the verbal. Thank you.

Marilyn,

Please utilize Task Order No. 2 for planning the potential Removal work at the above Site.

The Site ID is TBD. The funding shall come from Superfund Removal Funds obligated to the Task Order. This is Removal Assessment work so a PR with RS funds is in progress.

The amount available for the pre-planning activity is \$7,000.00.

The following elements have been identified for this particular planning effort:

- 1) Provisions for procurement planning and logistical assistance and recon, as necessary.
- 2) Provisions for developing preliminary specifications for subcontract bidding purposes.
- 3) Provisions for necessary resources (material/equipment/personnel) to accomplish the Removal assessment work at the site.

The Site is located San Juan County, Colorado. A site visit may be required.

Steven Way is the OSC. He can be reached at 303-312-6723 (O) and 303-886-1640 (C).

Please let me know if you have any questions.
